# Hokkaido ‘Town of Photography’ Higashikawa

In June 1985, Higashikawa was declared the only “Town of Photography” in the world. It aims to promote international exchange and photography in order to open the town to the world and share its unique harmony between nature and culture.

## Purpose of the Festival

The International High School Students’ Photo Festival Exchange was started in celebration of the 30<sup>th</sup> anniversary of Higashikawa’s declaration as the “Town of Photography”. Through this festival, we aim to encourage high school students, the youth who will one day carry the world forward, to foster international understanding and friendship through photography.

## Outline for the festival

We are looking for works (a series of photos) from the countries and areas listed below, where we currently have established international exchanges. The selection will be held in each country and area. The 20 selected schools from overseas (one school per country and area) and 2 selected schools from Japan will participate in the festival (held in the “Town of Photography,” Higashikawa).

20 international teams

cities, districts and towns are designated by the organizer

Country · Area	City · District · Town

### E Contents of The Festival

Each team will participate in 3 photo sessions based on themes and categories specific to the place and time (cameras and memory cards to be used will be provided by the organizer. Participants' own cameras, memory cards and card readers are also permitted)

The participants will select and submit a series of 6 photos after two of the photo sessions, and individual submissions of 2 photos per person after one of the photo sessions, all of which will be titled. Computers and printers will be provided by the organizer.

※Only digital cameras can be used in Photo Sessions.

※The image quality should be set to “Middle Fine“, saved as JPEG format and Aspect 4:3. Therefore, if not using the provided cameras, participants' own cameras must be able to meet these requirements.

※Those who wish to use their own equipment must bring their own memory cards and compatible reader. The SD card reader must be compatible with USB ports. The photo selections will be done using Windows computers.

※The festival committee is not responsible for trouble reading or damage on the picture data caused by personal belonging equipment, as well as the lost or damage on equipment itself.
